

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

APPLICATION OF BLUE GRASS ENERGY)	
COOPERATIVE CORPORATION FOR PASS-)	CASE NO.
THROUGH OF EAST KENTUCKY POWER)	2010-00169
COOPERATIVE, INC. WHOLESALE RATE)	
ADJUSTMENT)	

O R D E R

On May 27, 2010, Blue Grass Energy Cooperative Corporation ("Blue Grass") submitted an application to pass through any wholesale rate adjustment granted to East Kentucky Power Cooperative, Inc. ("EKPC") in Case No. 2010-00167.¹ Blue Grass submitted its application pursuant to the authority of KRS 278.455(2) and 807 KAR 5:007, Sections 1(3) and 2(2).

In its application, Blue Grass described how its proposed pass-through rates were developed:

Blue Grass Energy Cooperative Corporation hereby states that the effects of the increase in rates from its wholesale supplier, EKPC, are being passed through to its retail tariffs on a proportional basis and that the rate design structure proposed for each retail rate schedule does not change the rate design currently in effect.

KRS 278.455(2) provides that a distribution cooperative may change its rates to reflect a change in the rate of its wholesale supplier if the effects of an increase or decrease are allocated to each class and within each tariff on a proportional basis that

¹ Case No. 2010-00167, Application of East Kentucky Power Cooperative, Inc. for General Adjustment of Electric Rates (Ky. PSC Jan. 14, 2011).

will result in no change in the rate design currently in effect. Further, 807 KAR 5:007, Section 2(2), provides that the distribution cooperative shall file an analysis demonstrating that the rate change does not alter the rate design currently in effect and that the revenue change has been allocated to each class and within each tariff on a proportional basis.

The Commission has reviewed the approach proposed by Blue Grass to pass through the increase in the wholesale rates of EKPC and to allocate such increase to its retail rates. Based upon this review, the Commission finds that Blue Grass's approach complies with the provisions of KRS 278.455(2) and 807 KAR 5:007, Section 2(2), and, therefore, should be accepted.

The Commission issued an Order today in Case No. 2010-00167 authorizing a \$43 million annualized increase in EKPC's wholesale rates effective for service rendered on and after today's date. According to Blue Grass, this will increase its wholesale power cost by \$4,508,196 annually.²

IT IS THEREFORE ORDERED that:

1. The proposed rates submitted with Blue Grass's application are rejected.
2. The approach proposed by Blue Grass to allocate its portion of the increase in wholesale rates authorized in Case No. 2010-00167 is accepted.
3. The rates set forth in the tariff sheets in the Appendix hereto are approved for service rendered on and after the date of this Order.

² Supplemental Information filed by Blue Grass on December 9, 2010, Item 2.

4. Within 20 days of the date of this Order, Blue Grass shall file its revised tariffs with this Commission setting out the rates approved herein and stating that they were approved pursuant to this Order.
